Jest

education

Alchemy Code Lab
Full Stack Engineer

Portland State University 2017-2021
BA Women's Studies, French Minor, Focus on Creative Writing

projects

PRINSTAGRAM | **GITHUB** **LIVE** | REACT, CSS3, SUPABASE
A mobile-first Instagram clone powered by the Petfinder API that acts as social media for animals that are currently up for adoption.
- Remotely mob and pair programmed by a team of five in a one-week sprint.
- Built the wireframes and implemented the design.

VSSSNAKE | **GITHUB** **LIVE** | HTML, CSS, JAVASCRIPT
An arcade-style game that assists engineering students as they memorize VS Code keyboard shortcuts.
- Remotely mob and pair programmed by a team of five in a one-week sprint.
- Contributed heavily to the design.

experience

LEAD BARISTA | Street 14 Café | 2014-2018
- Created and implemented an espresso training program for new hires.
- Increased efficiency and quality thereby creating a superior customer experience.
